## Redistricting National Forests in Western States

### PRESIDENT SIGNS ORDERS

Which Will Change the Names and Boundaries of Timber Lands in Oregon—New Plan Also Effects Idaho.

WASHINGTON, July 1.—The second step in the comprehensive plan of redistricting the National Forests in the Western states has just been made by the President in signing executive orders which will change the names and boundaries of the Forests in Oregon. The only other state in which these plans have been completed is Idaho, but it is expected that the work of redistricting in all the National Forest states will be finished and the changes announced in the next few days.

No addition to forest area is involved in the plans for redistricting in any of the states of the Northwest. The object of the work is to equalize the areas of administrative units and to arrange their boundaries in such a manner as to promote the most efficient and practical administration of the Forests. It will enable officers of the Forest Service to give prompt attention to all forest business and further the interests and add to the convenience of stockmen, lumbermen, miners and all other users or settlers in the National Forests. The Oregon National Forests which will be effected by this rearrangement are as follows:

A new Forest to be known as the Umatilla will contain 550,176 acres and will consist of all of the Heppner and of the northwestern portion of the Blue Mountains Forest. It is located in Morrow, Umatilla, Grant and Wheeler Counties. This Forest will continue to be administered by Supervisor Thomas E. Chidsey with headquarters at Heppner, Oregon.

The Forest to be known as the Whitman will have an area of 1,264,739 acres and will consist of the north east portion of the Blue Mountains Forest which is in general the area formerly known as the "Blue Mountains National Forest." It is located in Umatilla, Union, Baker, and Grant Counties and will be under the administration of Supervisor Henry Ireland with headquarters at Sumpter, Oregon.

The new Malheur National Forest is what has been formerly known as the "Malheur Division of the Blue Mountains" and will embrace 1,183,458 acres. It consists of the southeastern portion of the "Blue Mountain (W) Forest" and is located in Umatilla, Union, Baker, and Grant Counties. This Forest will continue under the administration of Supervisor Cy J. Bingham with headquarters at John Day, Oregon.

The Forest to be known as the Deschutes will consist of that portion of the Blue Mountain Forest formerly known as "Blue Mountain (W)", the northern portion of the Fremont, and certain townships of the Cascade containing 1,475,480 acres. It is located in Crook, Lake Wheeler, Klamath, Grant, and Harney Counties. The Forest will be administered by Supervisor A. S. Ireland with headquarters at Prineville, Oregon.

The Fremont National Forest will consist of the southern portion of the old "Fremont" and all of the "Goose Lake" Forests and is located in Lake and Klamath Counties. This Forest is very irregular in outline and is composed of many segregated areas, the total area of which will be 1,236,960 acres. It will continue to be under the administration of Supervisor Guy M. Ingram with headquarters at Lakeview, Oregon.

The land formerly included in the "Bull Run" and the "Cascade (N)" Forest, except that portion south of the Willamette Valley Cascade Mountain Wagon Road, covering 1,788,320 acres, will be called the Oregon National Forest. This Forest is located in Multnomah, Clackamas, Wasco, Marion, Linn, and Crook Counties and will continue under the administration of Supervisor Thos. H. Sherrard with headquarters at Portland, Oregon.

Cascade will continue to be the name of that portion of the old "Cascade" Forest (not included in the Fremont) lying between the Willamette Valley and Cascade Mountain Wagon Road and the middle fork of the Willamette River and West Deschutes River. This Forest has an area of 1,845,120 acres and is located in Lane, Linn, Crook, and Klamath Counties. It will be administered by Supervisor C. R. Seitz with headquarters at Eugene, Oregon.

The Forest now to be known as the Umpqua will embrace 1,698,560 acres and will consist of that part of the "Cascade (S)" National Forest (which has not been included in the

Fremont) between the middle fork of the Willamette River and West Deschutes River and the Rogue River and South Umpqua River Divide, also the southern portion of the old "Umpqua" Forest. It is located in Lane, Klamath, Jackson, Coos, and Douglas Counties. This Forest will continue to be administered by Supervisor S. C. Bartrum with headquarters at Roseburg, Oregon.

The Crater National Forest will contain 1,106,802 acres and will consist of the southern portion of the old "Cascade (S)", the "Ashland" and a portion of the "Klamath" and "Siskiyou" Forests. It is located in Jackson, Klamath, and Curry Counties, Oregon, and Shasta County, California. Acting Supervisor C. A. Buck will administer this Forest with headquarters at Medford, Oregon.

The Siskiyou will now consist of the greater part of the old "Siskiyou", all of the "Coquille" and part of the "Klamath," and will contain 1,305,657 acres. It is located in Jackson, Curry and Coos Counties. This Forest will be administered by Supervisor M. J. Anderson with headquarters at Grants Pass, Oregon.

All of the old "Tillamook" and "Umpqua," embracing 973,918 acres, will be known as the Siuslaw National Forest. This Forest is located in Tillamook, Lane, Douglas, Coos, Lincoln, Polk, and Yamhill Counties. Supervisor A. E. Cohoon will administer this Forest with headquarters at Eugene, Oregon.

The Wallowa is the Forest formerly known as the "Imnaha." It contains 1,750,240 acres and is located in Wallowa County. This Forest will continue to be under the administration of Supervisor Howard K. O'Brien, with headquarters at Wallowa, Oregon.

The Forest Service desires to reduce the area of the average administrative units to approximately 1,000,000 acres. This was not possible in all cases as is shown by the fact that under the plan of redistricting there will be 144 Supervisors in the United States who will administer more than 167,000,000 acres of National Forests.
